Volunteer Program

*The mission of
St. Joseph's Residence is to
show forth God's love in an
environment of respect,
reverence and hospitality in
the spirit of St. Benedict, by
fostering compassionate care
to the elderly.*

St. Joseph's Residence is a personal care home owned by the Catholic Health Corporation of Manitoba. We are a 100-bed Roman Catholic facility representing all faiths and nationalities in our residents, staff and volunteers. Guided by our mission statement, we are committed to providing compassionate care.

The volunteer program supports staff in providing care to the residents and assists residents in maintaining community contact.

Volunteers are people of all ages and from all walks of life with a sense of commitment, compassion, and community. They give freely of their time and talents in a chosen area to provide services that money cannot buy, giving warm friendship and individualized holistic care.

The **benefits of volunteering** are many:

- Feeling of accomplishment
- Instilling a sense of purpose
- Making a difference in the lives of others
- Building connections in the community
- Resume building

*Would you like to volunteer?
Please fill out the other side of this
page and submit in person,
by mail, or by fax.*
